Others have control of YOUR communication, commerce and network distribution - fortunate for relations and partner's goals – NOT for your self means.

Reset. Life vs death. The future of the divine 'feminine' aligns with life, fighting against much 'masculine – good ole' boys' opposition from others.

Self-empowerment and pulling strings behind the scenes. Power and control is in other's hands - relying on other's resources, not yours. Secret whispers, alliances with 'mafia', underworld, 'unacceptable or alternative ones' hold the power.

Battle and release of abundant relationships/partners and wealth.
Taking a stand against all odds and trusting in 'your intuition' and core values.

Much change and awareness on your own resources and protection of them.
Your valuables, your family, your community, your communications and commerce.

Other's may have violated your resources. A possible focus on endings, death, doctors, darkness vs rejuvenation, life, light and new beginnings of authority.

Will need to focus on 'your own resources', finances, and family.
Friends, loved ones and employers/work may not be available to help.

Pluto in Capricorn

January 2008 – January 2024 (16 years)

Learning to Own Your Authority and Control Your Power,
Consciously in the Outer World.

Making Slow, Fundamental Changes at the Core Level:

- Collectively we will be ‘purging’ what no longer works (or is broken), with our structures of ‘**Authority and Control**’ in the outer world, leaving a ‘socially conditioned’ past behind.

Bringing What is Buried Up to the Light of Day
Through Reconstruction, Organization and Social
Accomplishment – **and Letting Go of ‘old control patterns’.**

- We will all be letting go of the authority and power of ‘Who We Thought We Were’.
- This will bring in a rediscovery of our ‘Natural Instincts’ and unlock the door for our ‘Buried Inner Power’ or ‘True Selves’ to be reborn.

These years will involve events dealing with control, empowerment, domination, devastation, death – regeneration and rebirth in an area of your life.

Pluto in Capricorn

January 2008 – January 2024 (16 years)

Pluto gives you either the power to achieve your life goals or it may alter your life direction to find the insight of what your goals truly are.
